

"The role of the weekly newspaper is to mirror, faithfully and conscientiously, the community to the community, to provoke it where necessary, to praise it whenever possible, to defend it faithfully but always to serve it best by penetrating with the local news to a depth not possible with any other media."

From Vol. 1, Report of the Special Senate Committee on Mass Media, 1970.

Haliburton County The Echo

The Haliburton County Echo was established in 1882 as the Minden Echo and Haliburton Recorder. It is an independent weekly newspaper serving Haliburton County as its voice for 94 years. The Echo is published every Wednesday by Algonquin Graphics Ltd. Box 360 Haliburton, Ontario.

Vol. 93 No. 30

Wednesday, March 23, 1977,

20 cents

Lined up after their try for the Eric Coulter Memorial Trophy, at the Minden Novice A and B tournament, held Saturday, the Haliburton Novice A team show what a good second year hockey team looks like. They were edged into the consolation round by a first game against Minden Novice A players.

Sewer construction is underway in Minden

The first manhole of the Minden water and sewer project is in. Work began Monday on the first of three contracts that have been let for the extension of Minden watermain and the installation of sanitary sewers. The expected completion date is March 1, 1978.

In a press release issued last week, John Eakins, MPP (Victoria-Haliburton) outlined the contracts and completion date of the project and said "Many people have worked very hard to update the services for Haliburton County and I am delighted to see our efforts are being rewarded."

Anson, Hindon and Minden Reeve, Reg Booth, noted that the original completion date quoted by the Ministries involved was September of 1978.

Through the co-operation of the Transportation and Communications, Housing and Environment Ministries, furthered by the efforts of Anson, Hindon and Minden council, two consultants working on the project expect that the completion date will be six months earlier than quoted, Mr. Booth said.

The two consultants, one overseeing the watermain and the other the sewer, are working together to ensure the fastest possible time for the project, Mr. Booth pointed out. He noted that council was pleased that the completion date would be that much sooner, since it means that roads and traffic will be disrupted for a shorter time.

Anson, Hindon and Minden council met March 10 with ministry representatives, to

finalize the contracts for the water and sewer work.

Mr. Booth noted that council has been working for some time, with all the ministries, to get a reasonable understanding between them on how the project could be advanced.

Mr. Booth noted that the work begun this week involves the water and sewer connections that follow parts of Highway 35 from the Fireside to Newcastle Street and along a new access to Water Street that will pass just south of Minden Boat Works. He pointed out that the work there must be done first, since the Ministry of Transportation and Communications intend to begin the reconstruction of the Minden bypass, unofficial word has it, on June 15. Council has not yet received in writing the assurance the project will begin on that date, Mr. Booth said.

The contract which started Monday, was let to Don Sherk Construction Ltd., and is in the amount of \$296,838.

Two other contracts, for \$891,300, to Disher-Ferrand Ltd. and \$944,259.40, to Tripp Construction Ltd., are to begin April 1, Mr. Booth said. He explained that these two contracts are for the completion of the project in the town, on each side of the Gull River.

County being charged for youth's care

Haliburton County is being charged \$25 a day to keep a juvenile and the council will likely wait to find out if they are going to have to pay the bill.

Jerry Howarth, chairman of the Improvement District of Bicroft suggested that the county appeal the case, noting that other areas are appealing similar cases. The problem started in January, when the juvenile became a ward of Lutterworth Township.

Reeve Patrick Conaghan said that the council didn't ask that the cost be put on the county, but protested the payment as an unfair assessment.

Reeve Murray Fearrey, of Dysart et al, suggested that the county not pay the bill for a few weeks.

Little change

County apportionments

There was very little change in the apportionments for the Provisional County of Haliburton from the various municipalities in 1977 compared to last year.

Dysart et al, the largest municipality in the county will now pay 31.90 per cent of the county budget, compared to 32.51 per cent in 1976.

This downward adjustment was caused by Dysart's high payment the year before.

Of the total levy of \$534,216, Dysart will pay \$170,414.90. Anson, Hindon and Minden, the second largest community in the

county, will pay \$100,165 or 18.75 per cent of the levy. Last year the municipality paid 18.49 per cent.

Stanhope Township will pay \$61,221.15, 11.46 per cent of the levy. Last year Stanhope paid 11.39 per cent.

The share for Sherburne is 8.57 per cent for a total of \$45,568.62.

Lutterworth Township will pay 7.37 per cent for a total of \$39,371.72. Glamorgan Township will pay \$33,228.24, 6.22 per cent of the total.

Cardiff Township's share is 5.76 per cent or \$30,770.84. Monmouth Township will pay

4.06 per cent, a total of \$21,689.17. Snowdon is to pay \$18,911.25, 3.54 per cent. The improvement district of Bicroft pays 2.41 per cent, \$12,874.81.

County ratifies union contracts

Haliburton County Council has ratified its agreements with county roads employees and Hyland Crest employees, as well as set salaries for the clerk-treasurer, engineer and the council.

Both the Hyland Crest workers and the roads workers have agreed to a 35 cent an hour increase.

The county engineer and the county clerk-treasurer both received eight per cent increases, bringing the engineers salary to

\$21,700 per year with \$500 in expenses, while the clerk-treasurer will receive \$12,475 of which \$7000 is for the position of clerk-treasurer and the rest is for being secretary treasurer of the land division committee.

The county council members will now receive \$55 per council meeting they attend, an increase of only \$5. The committee rates will remain the same, \$30 and \$10 for committees that are held on the same day as the regular council meetings.

Rejects bid

Shoreline still open

Haliburton County Council flatly rejected a bid by Lutterworth Township Council to have a parcel of shoreline road allowance closed and deeded to a taxpayer in the township.

In a recorded vote the county council rejected a bylaw which was to support a bylaw already passed by Lutterworth 24 to 3. Lutterworth has three votes on council.

Dysart et al Reeve said that he could not support the bylaw because the landowner adjacent to it has full right and control of the allowance.

Anson, Hindon and Minden Reeve, Reg Booth, said that his municipality passed a bylaw back in the mid 1950's which was strong enough to stop people from building on the allowances.

"We have used the 66 foot allowance as a lever to keep our lakes clean for environment," he added.

Lutterworth Reeve, Pat Conaghan said that he saw fit to bring the bylaw to the county and that the township will follow the case through regardless of what the council decides.

He said that he doesn't see what liability it has to the Province of Ontario. Reeve Conaghan said that he doesn't feel his municipality is misguiding on the subject.

He added that if there is an injustice the reeve is to bring it to the council.

Reeve Fearrey said he was also concerned about what the landowner was going to give Lutterworth in return for the land. Reeve Conaghan said that the taxes the person has paid on the land, over the years, should be considered.

Jerry Howarth, chairman of the Improvement District of Bicroft, questioned whether the land was surveyed before the cottage was built.

He added that Lutterworth could be asking the county council to close up a road allowance for someone who knowingly built on a road allowance.

Stanhope Reeve, Sinclair Nesbitt, said that he couldn't possibly support Lutterworth on the bylaw. He pointed out that if the situation was applied to his municipality that it would take them 10 years to straighten it out. He noted that it could only be done if the ministry picked up the cost.

Drop-in Centre

Seniors still looking

Senior Citizens in Haliburton are once again looking for a place to call their own.

Rev. Trevor Denny explained to about 30 members of the group that the arena auditorium might be needed for use by the squash club, pending approval by the recreation committee.

He said that the alterations for this might be costly and estimated at about \$20,000 to \$30,000. Rev. Denny noted that a limited space at one end of the auditorium might be available as a senior citizen centre, but structural alterations would cost \$6,000.

He suggested that another possibility is still the curling rink. He pointed out that a new curling rink is under consideration for construction in the village and a senior citizen centre could be part of the plan.

Roy Brohm, a councillor in Dysart et al, said that the space in the auditorium, and the existing facilities, such as kitchen and washrooms, would be ideal for the senior citizens and he would give his support to that idea.

Peggy Neville, chairman of the Haliburton County Social Planning Council, said that it would be better for the senior citizens to have a new place, in reference to the curling rink.

The group did take on a new name, Senior Citizen Recreation Centre.

The Chairman, Rev. Denny, thanked Mrs. Neville and Mr. Brohm for their attendance, explanation and support. He then explained the need to appoint two new committees among the senior citizens, namely, a New Horizons committee to deal with the grant and any other necessities, and a Recreation Centre committee to deal with an organize the use of the Centre.

Subsequently the following senior citizens were elected to the New Horizons committee: Frank Hargreaves as President, Emil Neimann as Secretary-Treasurer, and as members were Mr. William Ward, Mr. Orval Austin, Mr. Clifford Barry, Mr. Walter Webb, Mrs. Emily Smith, Mrs. Della Brown, Clifford Elstone and Mrs. May Ward.

Mr. Arnold Fahey was elected President of the Senior Citizens Recreation Committee. The following were elected committee members: Mrs. Vittoria Formica, Mrs. Ethel Brennan, Mr. Orval Austin, Mrs. Leah Austin, Mr. John Cornish and Mrs. Viola Cornish. A secretary-treasurer, or a secretary and treasurer would be elected among themselves.

Both committees should meet with Miss Andrea Ferrier, from the New Horizons, Toronto, in the Haliburton Council Chamber at 1:30 p.m., on Wednesday, March 23, 1977.

Fearrey suggests administration cuts

Dysart et al Reeve Murray Fearrey has suggested that Haliburton County set up a committee to look into ways of cutting administration costs for the county, which would mean a reduction in the number of council seats.

Reeve Fearrey made the suggestion in a motion seconded by Stanhope Reeve Sinclair Nesbitt.

Reeve Fearrey told County Council that presently they are looking at an administration cost of about \$25,000 for the year. He pointed out that some of the municipalities in the county are handling a lot more money with a lot less people.

"It appears to us that there must be some way of reducing the costs," he said.

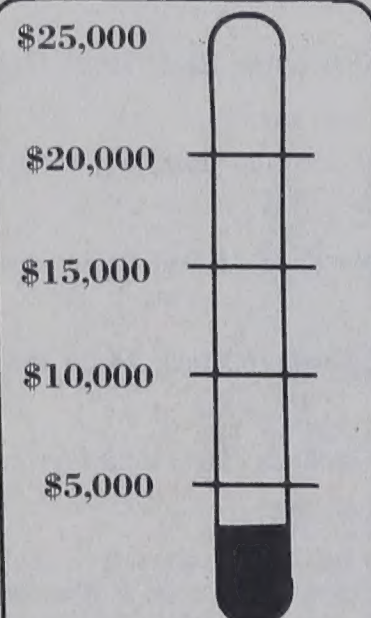

He pointed out that the school board is in the same position the county is in and noted that their cost is \$60,000.

Reeve Fearrey said that the cost of administration for the county grows every year and that it is paid 100 per cent by the taxpayers.

Reeve Nesbitt noted that the county was rough on the school board on the matter at a meeting held about a year ago concerning that bodies problems with administration costs.

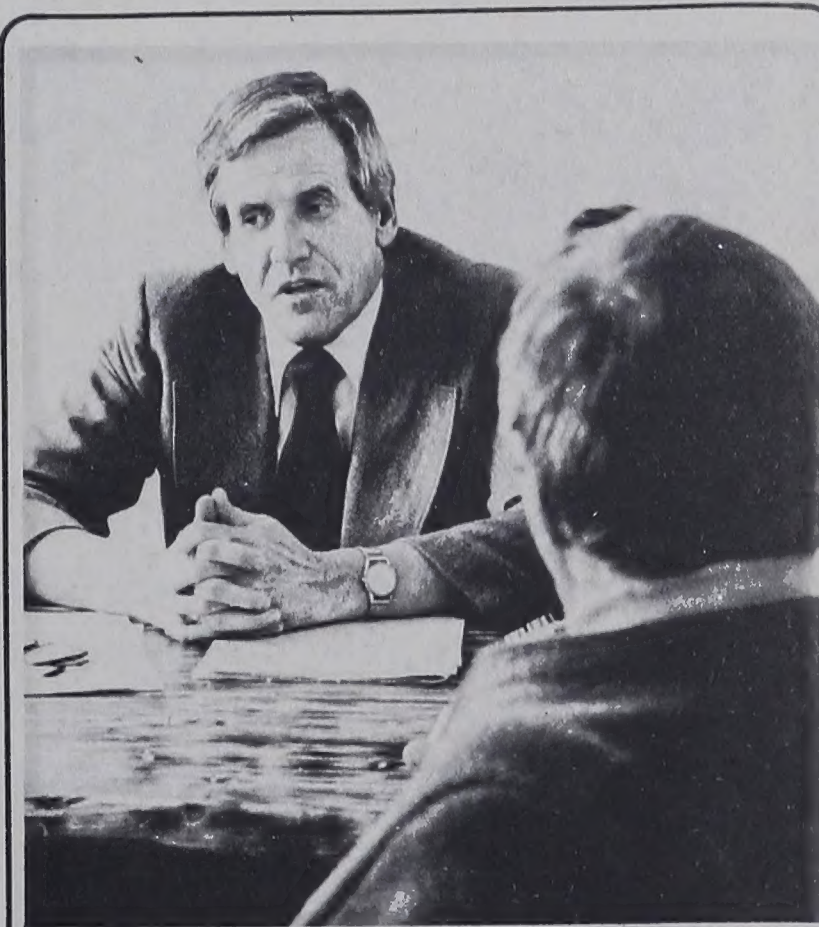

He said that the county at that time told the board that they were overstaffed.

County Council voted unanimously in favor of forming a committee to look into ways of reducing the costs.

Arena Fund

A total of \$3,255 has been collected towards the goal of \$25,000 for the repairs and improvements to the Dysart Community Centre. The money, along with a Wintario Grant is being used to make improvements to the arena, which include heating in the seats area, glass along the end of the boards, a Zamboni and cement seats, along with some structural changes. The Rotary Club of Haliburton is in charge of raising the money for the improvements.

John Eakins, MPP Victoria-Haliburton, spent Friday, Monday and Tuesday afternoons in interviews with residents of Minden, Haliburton and Wilberforce. Monday, at the Dysart municipal chambers, Mr. Eakins noted that there had been a good area response as people came in from Lochlin, West Guilford and Eagle Lake to speak to him on a variety of matters, seeking information on provincial programs. Mr. Eakins noted that this was the first time such interviews had been set up and that the response showed a need that he was glad to help fill.

News from Extendicare

BY CHARLES PLEWMAN

To grow old gracefully is quite a trick. Some of us are good "soldiers" and manage to do so. Others find it difficult and become grouchy.

The "good soldiers" have the strength of mind to face stark reality, endure suffering and persevere when the going is rough. The motto of the latter is like that of the Northwesterers; namely, "Fortitude amidst Adversity". Few Canadians realize the terrible hardships they endured in opening up the North West Territory with their 85 trading posts and forts. They had to live in the piercing cold, suffer the pangs of hunger and the deadening effect of fatigue. Because of their sacrifices they won practically all of the West for Canada. I wonder at time whether our schools tell the children of their exploits and the great debt of gratitude we owe them.

But one does not have to be old to run into trouble. We live in a very competitive world. A world in which the weak are pushed aside. Sickness too can strike when least expected. Failure to keep abreast of changing times can also be disastrous to the business man. So whether we be young or old we need lots of pluck and a sense of humour if we are to make the most of life.

Therapeutic Horticulture - Our quarters were a bee hive of activity on Tuesday and Wednesday when we carried on a workshop on gardening under lights under the expert leadership of Ray Halward of the Royal Botanical Gardens in Hamilton. We were joined by a number of interested people from the area, some of whom acted as assistants.

Gardening Under Lights - I must confess my knowledge of this kind of gardening is immeasurable. New words were being added to my vocabulary as words like perlite, captan, bottled gardening were tossed about. The main job done by the participants was placing cuttings in flats and bottles to be placed under fluorescent light units for two weeks when the rooting will develop. Seeds were similarly planted in flats.

The cuttings were taken from red and pink impatiens, pilea, swedish ivory, red begonia, geraniums and pinks. Ray Halward cautioned the group to watch for bugs which should be killed before planting by touching them with alcohol. I was agreeably surprised by the keen interest of the residents and visitors. For the bottled gardening a soil mix with sand, captan and charcoal was used.

If all goes well with these cuttings that are growing in the fluorescent units we should have plenty of flowers this summer. For the residents it will mean a healthy activity in the out of doors. We are also planning to have wheelchair gardens to transplant our plants into. Mr. Halward was a busy man and did a splendid job. The following volunteers were of great assistance; Muriel Allport, Chris Bishop, Mr. Cornish, Peter Bounsall, Dorothy Davidson and Nancy Brink. **St. Patrick's Day Party** - March 17th. This was a great shindig with everybody getting into the act. It was a spontaneous, as it was informal, St. Patrick himself

would have been pleased. Al Blanchard and his orchestra made up of Neil Howe, Lloyd Madill, Bob Long and Oscar Stewart played for about 2 hours and were great. This time they brought soloist Marilyn Giles which rounded out the music. The musicians were also accompanied by Arnold Vardy and his spoons and Chas. Plewman. As it was Oscar's Birthday we celebrated by singing "Happy Birthday to You" and "The Old Grey Mare She Ain't What She Used to Be" and he was duly presented with a cake. Nurse Norman Williamson, Joyce Shaw, Miriam Lewis and Raymond Smith were amongst those tripping the light fantastic. Jake Gill called for the square dance and Ezra Lott gave a 21 verse recitation. Refreshments were served at the conclusion of the program.

The Devotional Period on Friday the 18th was led by the Rev. Trevor Denny. His subject "Growing Old Gracefully". He stressed the importance of maintaining a sense of humour, and of not grieving over our trouble. Self pity he said was destructive.

Friday night we did some carpet bowling. Gauging the weight at which to deliver the ball is quite a trick but we are learning.

Personals

Ezra Lott - is a rather remarkable person with a very retentive memory. Strange to say he learned the art of giving recitations at lumber camps in which he was employed. He also gave recitations for one of the movie houses in Peterborough.

Mrs. Mabel Stone's birthday was on the 16th. Mildred and Sam sent her a lovely cake and some beautiful flowers.

We are constantly exploring new avenues for involving the residents in helpful activities. Our latest believe it or not is cooking. When we have a party looming up they go into action and make biscuits and cake. This involves a number of ladies.

H·H·S·S·News

by Becky Davidson

The A3's History Dance held Friday, March 19, featuring the Band with No Name was a smashing success. The Band's new name will be printed next time.

This week's 50-Mile Club results are Mr. Brohman - 16 miles, Mr. Lerpiniere - 15 miles, Becky Davidson - 12 miles, Miss Koehler - 11 miles, Karen Bell - 8 miles, Warren Aggety - 4 miles, and Wayne O'Neil - 1 mile.

The H.H.S.S. Oral Communications Contest, organized by Miss Philp, was held on Thursday, March 17 and Friday, March 18. Mr. Penfold was chairman with the judges being Mrs. McLean, Mr. McCollom, and Mr. Frank Wallace. Mr. Mowat and Mr. Phillips were questioners. Ten students from grade 9 and twelve students from grade 10 participated. Two students from each grade have been chosen as winners. These students are Anne Edwards who scored 75.3 and Debbie McCarron with 74.3 from grade 9 and Gerri Agnew who scored 84.6 and Paul Madden with 81.3 from grade 10. Honourable mention also goes to Scott Hore, Shelley Hicks, and Jeff Hutchings for their excellent presentations. Congratulations are due to all of our competitors.

Report from Queen's Park

BY MPP JOHN EAKINS

Among the Bills granted Royal Assent during the last session of the Legislature was the new "Employees' Health and Safety Act", which brought into force key recommendations of the Royal Commission on the Health and Safety of Workers in Mines. The provisions enacted so far include establishment within a single ministry - the Ministry of Labour - of all responsibility for occupational health and safety legislation. Further plans are in progress to extend the application of the proposals at the core of the project to extend the application of the proposals at the core of the report to include industrial safety and construction safety, and to produce in a comprehensive omnibus bill an occupation health code for working men and women throughout Ontario.

In this connection, there has been considerable discussion as to whether occupational health and safety standards for the agricultural industry should be established by legislation. The Minister of Labour spoke on this matter recently, asking whether there is a need for occupational health and safety standards in the agricultural industry, whether legislation can fulfill that need, and whether legislation, if introduced, would be successful in achieving its goal.

In a brief to the Ministry of Labour, the Farm Safety Association indicated that it is "in accord and agrees with the initiative and formulation of occupational safety and health legislation that would protect agricultural workers in Ontario." It is understood that the leaders of the Ontario Fruit and Vegetable Growers Association also support the concept. However, both associations have reservations.

As the Minister of Labour has pointed out, there are a number of unanswered questions. Should occupational health and safety legislation cover the entire agricultural industry, or only the 22,000 or more employers now contributing to the W.C.B.? Should legislation be phased in over one year, five or ten?

This entire question of occupational health and safety is very important. In the last analysis, every individual has a responsibility in this respect. However, legislation can do much to improve health and safety standards. To what extent and in what manner this can be done for the agricultural industry is a matter of concern to us all.

See you next week.

MUNICIPALITY OF DYSART ET AL

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO CLOSE THAT PORTION OF PART OF SPRUCE AVENUE BETWEEN BLOCKS VIII AND IX, REGISTERED PLAN NUMBER 1 AND PART OF LAKEVIEW STREET BETWEEN BLOCKS IV AND VIII, REGISTERED PLAN NUMBER 1, IN THE TOWNSHIP OF DYSART.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284 Sec. 443 of the Municipal Act, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, April 11th, 1977, a By-Law to Close, Stop Up and Convey the following:

ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Township of Dysart, in the Provisional County of Haliburton, and being composed of Part of Spruce Avenue between Blocks VIII and IX, Registered Plan Number 1, and Part of Lakeview Street between Blocks IV and VIII, Registered Plan Number 1, in the said Township, and which said parcel or tract of land is more particularly described as follows:

PREMISING that the bearings herein are astronomic and derived from the Northerly limit of Block IV, Registered Plan Number 1 having a bearing of North 68 degrees 50 minutes 30 seconds East.

COMMENCING at the South Easterly angle of Lot 5, Block VIII, Registered Plan Number 1, being the North Westerly corner of the intersection of Lakeview Street with Spruce Avenue.

THENCE South 68 degrees 50 minutes 30 seconds West, 23.14 feet to an iron bar;

THENCE South 21 degrees 19 minutes 30 seconds East, 10.37 feet to an iron bar;

THENCE North 68 degrees 50 minutes 30 seconds East, 41.76 feet to an iron bar;

THENCE North 24 degrees 39 minutes West, 73.41 feet to an iron bar;

THENCE South 68 degrees 50 minutes 30 seconds West, 14.36 feet to an iron bar;

THENCE South 21 degrees 19 minutes 30 seconds East, 62.9 feet to the Point of Commencement.

WHICH said parcel or tract of land may be further illustrated as that portion of the aforesaid streets shown in heavy outline on a Plan of Survey by H.C. Bishop, O.L.S., dated January 7th, 1976 and hereunto attached.

AND TAKE FURTHER NOTICE that before passing the said By-Law at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person, or by his Counsel or Solicitor or Agent, any person who claims that his land will be affected by the said By-Law and who applies to be heard.

Solar heating in Secondary School

By Susan McLaughlin

Solar heating has been temporarily installed at the Haliburton Highlands Secondary School.

Temperatures as high as 125 degrees Celsius or 257 degrees Fahrenheit have been recorded by Len Scully's grade 12 technical science class from the three solar heating panels that they have constructed in the courtyard of the school adjacent to their science room.

The panels are built with double layers of glass over boxes lined with heat absorbing materials. Mr. Scully explained that the original intention was to test a variety of materials, sand, metal and tar paper as heat absorbing liners, but the sand was discarded. One panel holds car radiators, and the other two are lined with tar paper.

At one end of the three panels, which are aligned to face the mid-day sun, there is an electric fan that keeps a flow of air moving through the boxes. At the opposite end, an air pipe leads from the heating boxes into the school where the heated air temperature is measured for the final time.

Average temperatures produced by this simple solar apparatus range from 110 to 115 degrees Celsius or 230 to 239 degrees

Fahrenheit.

On March 16, a cloudy day with temperatures of about 37 degrees Fahrenheit, the solar panels were producing 80 degrees of heat, 176 degrees Fahrenheit.

On March 17, air was leaving the third chamber at 118 degrees Celsius, although it was cooled to 43 degrees Celsius by the time it entered the school.

The wind factor and outside temperature alter the efficiency of the high school's unit because of the difficulty of insulating the air hose that leads into the building.

Perfectly insulated units, in home heating often mounted on a swivel so that the glass can be turned to always face the sun, would produce the same amount of heat regardless of air temperature.

Solar heating is already being used in some parts of the United States, Mr. Scully said, as well as here and there in Southern Ontario.

The high school's solar heating may be a bit unwieldy for home purposes, but completely designed by the grade 12 class, it very effectively shows the amount of energy that can be harnessed from the sun with a certain amount of ingenuity.

These students of the Haliburton Highlands Secondary School, Grade 12 technical science class are the designers and manufacturers of three solar heating panels. With air forced through the boxes by a fan at the near end, the units produced as much as

125 Celsius degrees of heat, or 257 Fahrenheit degrees. Colder weather would not affect the readings if the units could be perfectly insulated, but as it is, the experiment is probably not reading as high today as Thursday, when the photo was taken.

Car crashes into house causes \$3,000 in damage

A single car accident on Main Street, Minden resulted in \$3,000 damage to a house and \$500 damage to a car driven by Ashley Lunham of RR 2, Minden.

The resident of the house, Maude Campbell, was at home at the time of the accident.

A two car accident on Highway 35, south of Minden, Saturday at 7:15 p.m. resulted in a total of \$800 damage to the vehicles.

A car driven by Joseph LeBlanc, 49, of Toronto, received \$450 damage when

it collided with a car driven by Gordon Mahon, 36, of Ajax. The Mahon vehicle received \$350 damage.

Mahon was charged with impaired driving and failing to remain at the scene of a collision.

A single car accident early Saturday morning resulted in a Wilberforce man, Alcide Woodcox, 18, being charged with driving with an instruction permit unaccompanied, failing to produce insurance and operating a vehicle with a permit not valid.

A car, which the police

claim was driven by Woodcox was involved in an accident on Highway 648, north of Tory Hill.

A single vehicle accident on Highway 35, south of Minden last Wednesday

resulted in \$1,500 damage to a car driven by William Twigger, 23, of Downsview. Twigger was charged with impaired driving in the incident.

Hughes fired the shot gun from a car driven by Yearwood. A 45 day term was handed down to Hughes, and Yearwood is to serve 30 days. Both are also to serve a probation of two years, during which time they are to drink no alcohol, and have no fire arms in their possession.

The shot that smashed the four by four front window of the Alton home was fired from the highway, about 100 feet from the house. In a statement given by Mr. Alton at the time of the investigation into the matter, it was noted that Mr. Alton and his son were seated at the kitchen table, directly opposite the window, when they saw the maroon car pass the house and ducked as the shot was fired.

That afternoon another group of people gathered at the centre to hear a talk on "Gardening under lights," and "Hydroponics." This was conducted by Fred Prescod, of the Royal Botanical Gardens, in Hamilton. Mr. Prescod showed slides and exhibited many books, lighting fixtures and different types of containers for anyone who might be interested in trying hydroponic gardening.

Malcolm McGillivray, Reeve of Cardiff, brought these trophies home from the Canadian Farm Show for champion performances in horse-drawing competitions. Mr. McGillivray's team of Belgians, weighing 4,200 pounds altogether, pulled over 9,000 pounds the required 20 feet to win the heavy draft competition on Feb. 2, beating Minden's Leroy Nesbitt and his team by one inch. Mr. McGillivray's team also won the over all championship in a pull against light draft champions, Charlie Roehl's Michigan team. The jacket that Mr. McGillivray wears was another prize from the Toronto show.

from the Bancroft Times

County Council sets budget with bylaw

Haliburton County Council set its budget last week, although some of the members didn't know it was happening at the time.

The budget was passed in the form of a by-law with the county apportionments for the various municipalities before a motion was presented or passed to approve the budget.

The budget totals \$600,650, of which \$534,216, will be levied, up 8 percent

over last year.

The major expense for the county, in the 1977 budget, is \$310,000, allocated for the county roads.

Social and family services totalled \$130,000 which included \$90,000 for assistance to aged at Hyland Crest, a \$31,000 expense for a debenture at Hyland Crest, plus assistance to children and a small donation to the Salvation Army.

The total expenditure for general government will be \$58,500 which includes \$14,500 in salaries and allowances, \$11,500 for members of council and \$13,500 for committee meetings.

Planning and development is expected to cost the county \$41,900 in 1977 with \$23,900 to the land division committee and a \$12,000 grant to the chamber of commerce, taking up the bulk of the amount.

Other major expenditures include \$28,000 to the county library and \$25,000 to the health unit.

In the revenue department the county will receive \$30,352 in a general support grant and \$23,900 in land division application fees.

Two sentenced to jail on charges

Roger Yearwood and Timothy Hughes, both of Minden, were given jail terms in provincial court in Minden, March 15 for possession of a weapon dangerous to the public peace, a charge laid July 15, 1976 when the two were involved in a shooting incident smashing the front window of the Leslie Alton home on highway 121 east of Minden.

Hughes fired the shot gun from a car driven by Yearwood. A 45 day term was handed down to Hughes, and Yearwood is to serve 30 days. Both are also to serve a probation of two years, during which time they are to drink no alcohol, and have no fire arms in their possession.

The two entered pleas of guilty to the charges before the provincial court in Minden, Dec. 1, but sentencing was held over until last week.

The shot that smashed the four by four front window of the Alton home was fired from the highway, about 100 feet from the house. In a statement given by Mr. Alton at the time of the investigation into the matter, it was noted that Mr. Alton and his son were seated at the kitchen table, directly opposite the window, when they saw the maroon car pass the house and ducked as the shot was fired.

Counsel for Hughes at the Dec. 1 hearing noted that the two accused had been drinking and were venting their emotions, although they did not intend any harm.

Girl Guide happenings

Girl Guide happenings in Highland District have been taking place, even though there has been no report. At this time we would like to bring you up to date on the events which have accrued over the past few months.

Just prior to Christmas the Parents Committee in Haliburton held a bake sale at Curry Motors in the show room. We would like to thank all those ladies who donated baked goods, and also Currys' for the use of the show room.

A dinner was held on two consecutive Thursday evenings at the Lakeview Motel. One dinner was attended by members of the Guide movement and their spouses. The menu included roast beef, pacific salmon or steak and was beautifully prepared and delicious. Waitresses on both occasions were Sharon Williams and Kelly Roberts.

We would like to thank, Joan and Harold Williams for the enjoyable evening they made possible.

Our Winter Carnival week end in Minden, Girl Guides from the District put on a chili dinner from the Kinsmen's Chuckwagon. Due to

snowy weather, attendance at the Carnival was down somewhat, and results of this effort were less than anticipated. Due to unavailable facilities we were unable to participate in the Haliburton Winter Carnival.

In celebrating our Founder's Birthdays this year for Thinking Day, the Haliburton Guides and Brownies took part in a Church parade to the Salvation Army Hall. The girls took a small part in the service by repeating their promise and prayer. Mrs. Barry who at one time was both a Brownie and Guide, explained to the congregation the meaning of the ten Guide Laws.

As has been mentioned in Guide news prior to this, two Highland District Guides, Kelly Roberts and Sharon Williams will be attending the International Camp in Cape Breton in July. Before going they must participate in special trainings in preparation for this camp. At these trainings all Guides who are going to this camp, practice in patrols the skills and techniques which they must know.

Government turns slow

The wheels of government sometimes turn slowly, so slowly in fact they seem to be spinning backwards.

Dysart Council last week received a schedule on improvements to Highway 519, that explained that it will be many years before the road is finished being improved.

Highway 519 is not in great shape, in all honesty it is in terrible shape. During the past few years the traffic has likely been increasing on the road, with recreational establishments, like Sir Sam's Inn, becoming more popular.

Not only that, but the Ministry of Transportation and Communications tells us that the Eagle Lake Bridge is structurally sound and a replacement program is not planned.

The bridge might be structurally sound, but it is also one lane, which means that although it won't fall down, it could be a driving hazard for area and visiting motorists.

One suggestion is that we get a few of the people from the Ministry of Transportation, put them in the back seat of any car and proceed down the highway at the allotted speed limit. They just might feel that the improvement program should be stepped up a little faster than three-quarters of a mile a year.

Programs are working

Provincial and Federal government programs are set up to help municipalities but the onus is on the municipalities to see that these programs are used.

Dysart et al Council has agreed to participate in a derelict car program which would mean that about \$12,000 is available to the municipality.

Although you can never look and say that the \$12,000 will save the municipality any money, it does have its benefits.

First of all the derelict cars in the area will be cleaned up. In order to do the clean-up, jobs will be created, even if they are only for a short period of time.

A total of about \$5,000 will be allotted to a person to locate the cars and whoever tenders low enough to pick up the cars.

There will also be money spent to develop a site to store the cars which will come in handy in years to come for the municipality.

Dysart will benefit from the derelict car program.

World of violence

We are living in a world of violence and in a very sick society. Just look around your own community or read the Toronto Star any night of the week, or look at television and you can plainly see that we are in for real trouble if things don't change. Just look, any night of the week, at the violence in most of our programs seen on T.V.

In one of the fastest sports in the world, namely hockey, the news lately has been talking about the violence in this great sport of ours. Hockey is a great game, but it's not meant to be played in the way that it is being played today. We don't have to single out the NHL or the WHA for violence in hockey. All one has to do is to attend one of the junior hockey games, or minor hockey games, for that matter right here in the county, and you will know what we mean by the word violence.

We are living in a world where some of the streets in our major cities are unsafe to walk along. We hear of plenty of murders, rape, and muggings. It's getting so bad that it's unsafe to get onto a subway in the city of Toronto.

Last week, however, for a change, we all had the opportunity, for one hour each evening, from Monday to Friday, on CkVR, to see a program that was a change from the violence we are being accustomed to seeing every night throughout the week. We are talking of the Billy Graham Crusade from Pontiac, Michigan. We watched this Crusade every night it was on the air and it was a delight to hear the inspiring messages brought to us from Billy Graham. It restored our faith in humanity and what a delight it was, at the end of each broadcast, to see so many thousands of people come forward and give their lives over to the Lord.

If there was ever a time that we all needed the Lord to come into our lives and take over it's now. What a different world it would be if everyone living here on earth saw the light. It's our only salvation.

Thanks to Howard Roberts of Haliburton for submitting the photo.

Haliburton Highlights

BY CREIGHTON FEIR

A very interesting and informative talk and slide presentation on sailing the Great Lakes given by Tom Dawson was presented at a recent meeting of the Haliburton Rotary Club.

Most of the people in the village of Haliburton are elated to think that before long with any kind of luck that we are going to have lights at the Tennis Court at the Rotary Beach. Many are of the opinion that it's a good way to keep our young people off the street.

It's just about time that the Dysart council started to do something about the strings of coloured lights on Highland Street. When all the bulbs are lit up it sure adds something to the main drag. At the present time they are a disgrace with most of the bulbs now being blown out. Only a few are working. Let's get these new bulbs put back in place.

The Haliburton County Social Planning Council held their monthly meeting at the Legion Hall in Haliburton on Thursday, March 17th. At the February meeting a letter was read by Peggie Neville outlining the aims of the Social Planning Council. A letter was also read by the secretary regarding the wish that the annual meeting of the Children's Aid Society be held in Haliburton County in 1978. Dave Woodall gave a report on the activities of the school for the retarded.

Charles Logan a young travelling Evangelist from Orange, Texas was the guest speaker when the Full Gospel Businessmen's Fellowship International, Haliburton Hyland Chapter held their monthly meeting at Deer Lodge last Saturday evening. Charles Logan who gave a very interesting and inspiring message was raised in a Roman Catholic home and accepted Jesus as his personal Saviour approximately 6 years ago and became filled with the Holy Spirit. His calling as a teaching evangelist has taken him throughout North America and because of

his obedience to God, many people are blessed by his ministry.

Congratulations to President Art Ward of the Haliburton Rotary Club on his appointment as head of the Ontario Tourist Owners' Association. Art Ward has been very active in community affairs and deserves a lot of credit for promoting a getting a lot of things done in the village of Haliburton. He deserves a lot more credit than he is getting.

Last week we were in error. We stated at a recent meeting of the Kinsmen Club of Haliburton that they held their installation of officers. What really happened was that they initiated 5 new members namely Paul Dawson, Elmars Sebrins, Al Bronson, Myles Roberts, Jim Tice. At present the local Kinsmen Club have 42 members.

St. Patrick's Day meant a big night for the residents at Extendicare. They celebrated by holding a party with Al Blanchard and his group supplying the music.

Just a reminder here to send in your contributions to the Easter Seal Fund. Please help a crippled child.

Congratulations to the following winners of \$100.00 voucher in Radio Shack's contest and a chance to go on to the big prize. March 14th winner was Miss Catherine Carroll of R.R. 2, Minden, and March 21st winner was Mr. Orland Lewis of Highland Grove, Ontario.

We are sorry to report that Roger Vienot is at present a patient at St. Joseph's Hospital in Peterborough. Roger is a patient on the 2nd floor following an operation. All his friends wish him a speedy recovery and that he will soon be back home.

Letters to the Editor

Dear Editor:

Regarding your editorial upon public skating and recreation, in last week's paper. I believe Head Lake would be an ideal spot for such a purpose. If the town of Minden could put so much time and effort in their iced race track, I see no reason why the MUNICIPALITY of Dysart et al could not use their powers to see that a public skating rink could be open to everyone.

Machines did clear the snow from the lake for the Winter Carnival, why not clear a large area earlier than the carnival and keep it cleared until conditions make it impossible. This would leave the arena open for the hockey, curling and broomball clubs we have.

Another event that could be held at the next winter carnival could be figure skating and speed skating races for individual age groups. I believe this would draw a lot of participants and spectators alike. Who knows, if this public rink is used by enough people, maybe even a pavilion could be erected for the skaters to rest

in. Portable outside rest rooms could also be put up for the public's convenience. Maybe, if it is worthwhile, floodlights could be erected for evening public skating use. I realize that supervision would be needed, but you can be

TO THE EDITOR:

All my life I remember when people had difficulty to speak and were coughing. They were said to have a frog in the throat.

A short time ago an Ontario government official announced concern because of great scarcity of bull frogs in the province, and a limit of 15 per day per person being set for their capture, usually for the devouring of the hind legs. Restaurants were having difficulty

assured that I will volunteer some free time to get this project off the ground.

Let's hear from either parents and other public skaters on this idea.

Thank you
Wm. F. Wood

to satisfy gourmet customers with this delicacy.

Almost immediately I noticed a decided trend of concerned citizens, in this locality at least, to undertake shelter of vociferous bullfrogs in their throats and I and my acquaintances have suffered because of this public spirited trend. The discomfort has spread far and wide, almost to epidemic proportions.

C.H. Irwin,
Carnarvon, Ontario.

Letters to the editor

Dear Sir:

It was with a deep sense of nostalgia that I read in The Echo that the Golden Slipper had been demolished. The event wasn't deemed newsworthy except for the brief mention in the Chamber of Commerce article. For those of you close to Haliburton it may have been just another event in the evolution of the Haliburton area. But, for some of us away, I believe it brought back many memories. For those of us who spent our impressionable, searching teenage years in Haliburton in the late forties and early fifties, the Golden Slipper was much more than just another building. The Golden Slipper was:

- "The" Saturday night dance
- The "Dirty Boot"
- Al Perrin standing near the doorway
- Harold Moore coming from Toronto to play the saxophone each weekend
- Harold Brodthagen singing "What's the Color of a Yellow Horse"
- Using the outdoor men's toilet
- Occasional fights
- Dip and diving to the ocean waves
- Marshall Leighton on base
- Fred Clements on piano
- Dancing on the spacious wooden dance floor
- A pop and hot dog at the snack bar
- Jimmy Perrin on drums
- Girls from the lodges up for the summer
- Guys from the Forestry School
- Sneaking a drink in the car
- The O.P.P. trying to catch someone with that evil substance called alcohol
- Occasional accidents on the Slipper road
- The twelve o'clock deadline approaching and the last three songs: Goodnight Sweetheart, I'll See You in My Dreams, God Save the Queen
- A hamburger and milkshake at LaRue's (then Leighton's) Highland Snack Bar

I remember going back to the Slipper in the 60's. It wasn't the same. It wasn't what I was used to. The band had changed. Rock music had arrived. I never went back. I couldn't adjust. Until this week at least the building was there to bring back memories. Now the building has gone and in time so will all of us. Meanwhile, Al Perrin, and those of you who shared the dance floor of the Golden Slipper, thanks for the memories!

Sincerely,
Richard A. Holland
Dick Holland

Dear Editor:

Soroptimists International and the International Womens Year-Peterborough Womens Committee, organizers of the Thermograph Fund, would like to express their sincere appreciation to the excellent response to their appeal.

The machine arrived in the fall and is now in regular use at Peterborough Civic Hospital. It delighted us, just recently to set up a Trust Fund for the balance of the funds so in conjunction with other donations the initial operating costs of the equipment will be met. This was a result of donations exceeding our goal and a substantial reduction in the cost of the equipment during the time we were campaigning.

There are many groups and individuals to thank as well as businesses and the media, each having helped in a special and significant way. For this reason, we found it fitting to have the plaque on the equipment read "Donated by the citizens of this hospital area in recognition of International Womens Year."

Sincerely,
Mrs. Marilyn Abraham

Parents of Wilberforce Bantams:

I would first like to send a personal apology to Agincourt-Bantam Division. For parents who were unable to attend, some of our boys played a good game, but others in combination with coaches and referees showed a distinct lack of sportsmanship and common courtesy. I feel it is time the executive got behind it's coaches so that another occurrence of this type could not happen.

To me hockey is a sport and should be played as such. In later years whether you win or lose people will remember how you played.

Arlene Mathews, R.R. 1, Tory Hill

This and That

BY JENNIFER WOODS

At this time of the year I'm sure that we are all getting tired of tea and coffee. I know I am. So here are some delicious blended milk recipes that will entice young and old alike. All you need is a thirst, a great imagination and a blender.

BROWN COW

- 4 - large ripe bananas
- 1/2 - cup instant chocolate milk powder
- 1 - teaspoon vanilla
- 4 - cups cold milk
- Chocolate or vanilla ice cream.

Slice peeled bananas into a bowl or blender, beat to form a smooth pulp. Add the chocolate powder, vanilla, and a little of the milk and blend thoroughly. Add remaining milk and blend well. Top each serving with a scoop of ice cream. Serves 4 to 6.

"ORANGE JULIUS"

- 2 - cups of orange juice
 - 1 - egg
 - 1/4 - cup of cream (or evaporated milk)
- Blend all the ingredients together and continue to beat for three minutes. Drink right away. It is simply delicious. Serves 2.

SPICED HONEY MILK

- 2 - teaspoons honey
 - a dash of cinnamon
 - 1/4 - cup of milk.
- Mix the honey with the spice and add the milk gradually. Blend well and serve (1).

BUTTERMILK ORANGEADE

- 2 - cups chilled orange juice.
 - 2 - cups chilled buttermilk
 - 1 tbs. - lemon juice
 - 1/4 - cup of sugar (to taste)
- Combine all ingredients and blend well. Serve very cold.

Minden News and Notes

There was a large crowd at St. Paul's Parish Hall last Wednesday night for the Card Party for that Sunday

Lindsay

Presbyterial

UCW meeting

Mrs. Gordon Gibson, of Pleasant Point, president of the Lindsay Presbyterial U.C.W. presided at the spring executive at Cambridge United Church, Lindsay, March 7.

Mrs. Gibson opened the meeting with the poem, "The Best is Yet to Be," followed by the Lord's Prayer in unison.

Mrs. V. Zufelt, of Omamee, led in the morning devotions, reading from the "Good News Bible," Romans 12. The key verse was "Love one another warmly as Christian Brothers."

The annual meeting of Lindsay Presbyterial U.C.W. is to be held in Cannington United Church Wednesday March 30. Registration is at 9:15 a.m. with morning and afternoon sessions. Miss Audrey McKim, of Toronto Division of World Outreach of the United Church is the special speaker. The theme of the annual meeting will be, "World Concern - Our Challenge."

The annual meeting of the Bay of Quinte Concerence U.C.W. will be held at Campbellford United Church on April 12 and 13. The speaker is to be Miss Bessie Lane of Lindsay. The delegates will be the regional chairmen or an alternate member. Lindsay Presbyterial U.C.W. is to present the worship service at this meeting.

It was moved that Lindsay Presbyterial U.C.W. again co-operate with the tent ministry at the Lindsay Fair in September.

Mrs. Clayton Hewie, of Cameron, reported on the task force and announced the meeting on May 6 at Fenelon Falls United Church which will take the place of a panel discussion on alcohol and drug abuse.

Mrs. Sam Brandsma, of Lindsay, reported on the workshop for leaders to be held in Fenelon Falls United Church Friday, March 11, 1:30 p.m. to 9:30 p.m. and Saturday, March 12, 9:30 a.m. to 3:30 p.m.

The School for Leaders will again be held at Camp Quin-Mo-Lae Sept. 9, 10 and 11.

Mrs. Leslie Taylor, of Sunderland, recommended the new Mission Studies to be found in "Mandate" in the January and June issues.

Mrs. Ed Ruth, of Omamee from the division of mission of the United Church, spoke of the union of the W.M. Sand W.A. in 1962. "Who have we replaced the zeal of the W.M.S.? One present need is to provide for the lonely people in our community, young mothers as well as older people. Another problem is retirement. One quarter of our lives might be spent in retirement. Will it be an exciting, useful worthwhile part of our life?"

The next executive meeting will convene on June 6 at Fenelon Falls United Church. Mrs. Gibson closed the meeting with a poem, "Look to the Future."

School's adopted child. After the games, prizes of home baking were given to the winners as follows: for cribbage, Anne Dawson, Vera Ward, Bill Bennett and Fred Wright; for euchre high and lone hands, Martha Harding and Heather Walker, Don Blakey and Bill Elcome; for bridge, Catherine Kellett, Helen Yake, Garth Kellett and Gerry Haywood. There was a delicious lunch served and all enjoyed a social half

hour.

Sunday guests with Mr. & Mrs. M. Sears were Mr. & Mrs. Glen Sears and family, of Scarborough.

All their friends send good wishes to these people, Mrs. George Kendall at Grace Hospital, Toronto, Margaret Prentice at Ross Memorial and Tom Newell at Sudbury Hospital.

Congratulations to the Mr.

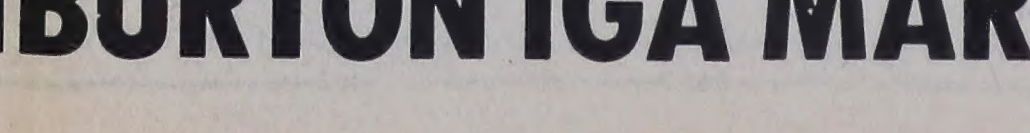

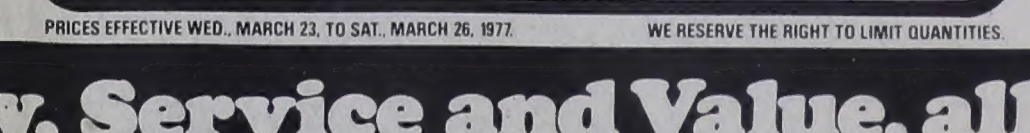

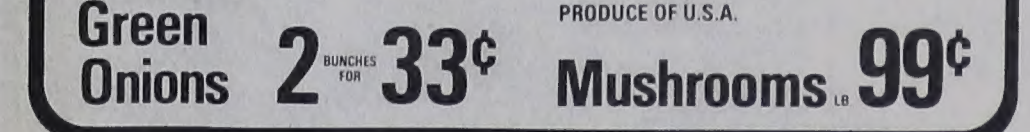

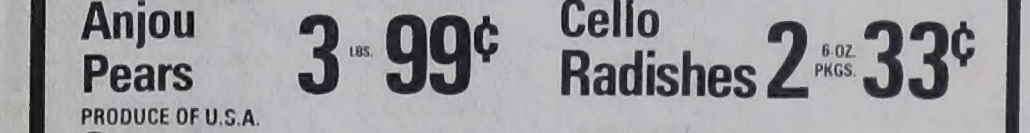

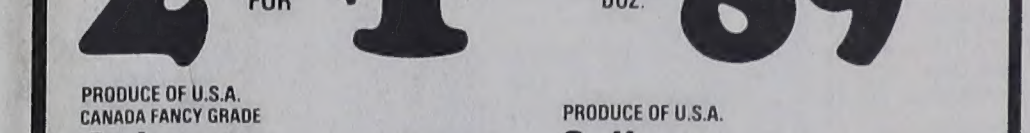

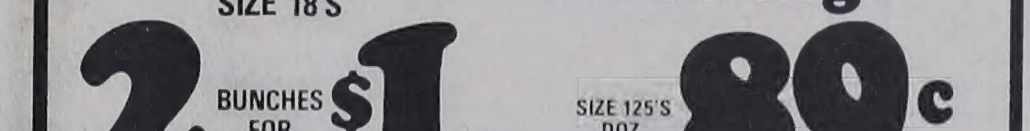

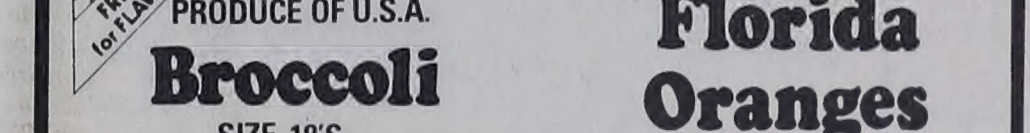

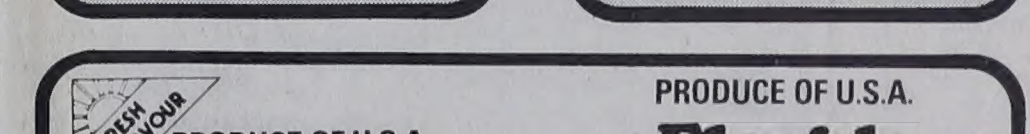

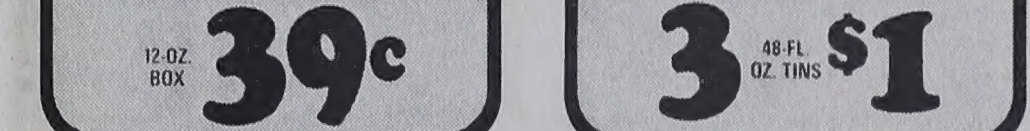

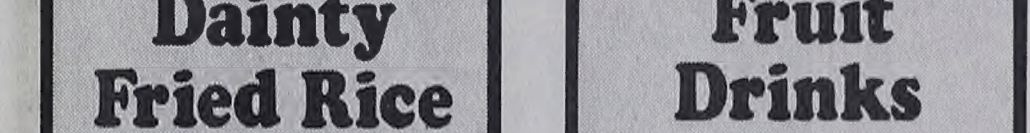

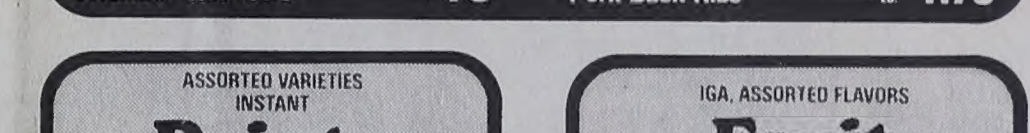

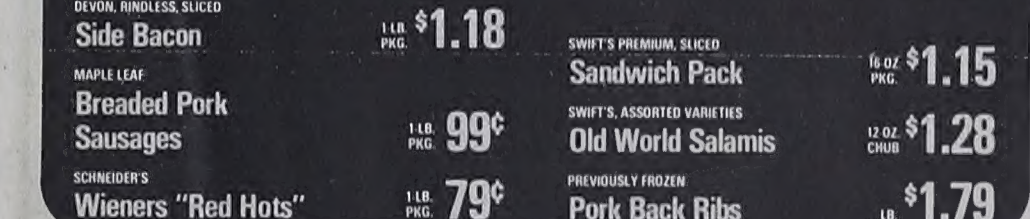

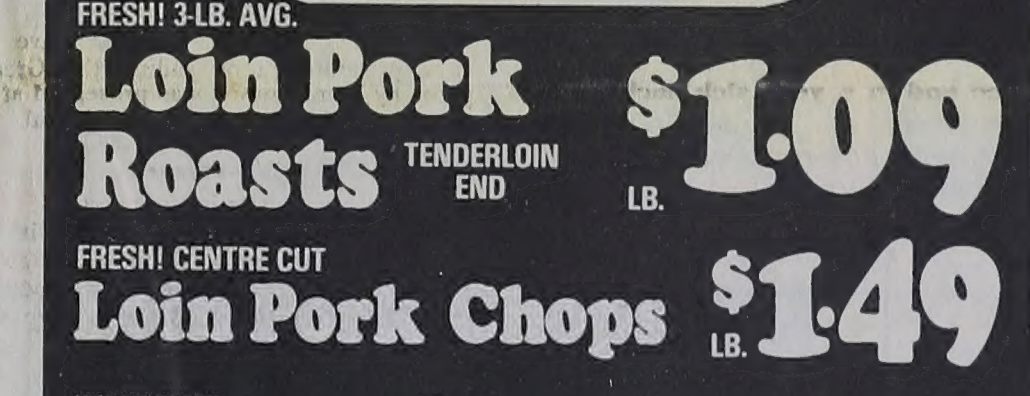

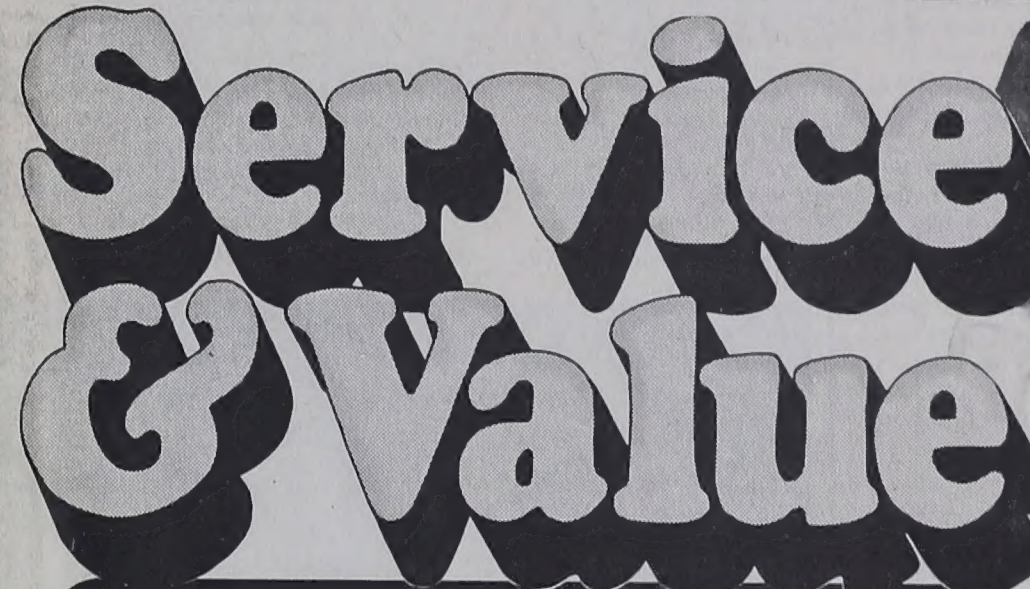

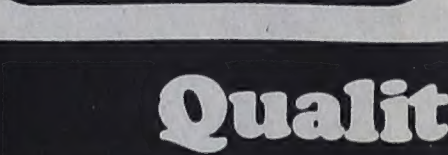

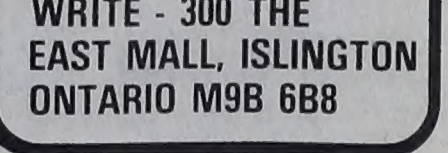

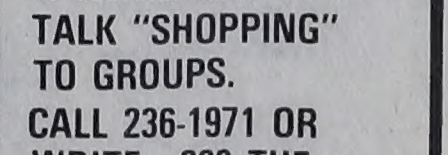

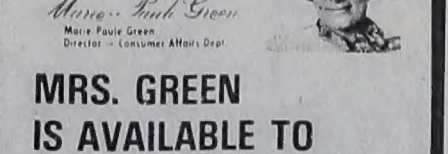

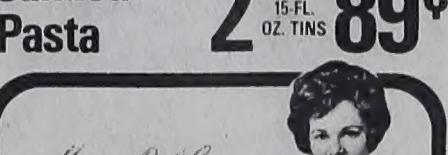

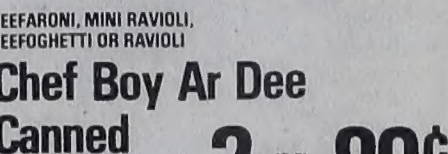

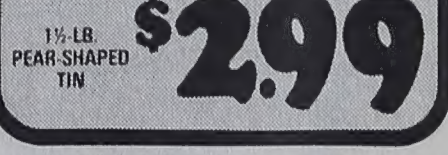

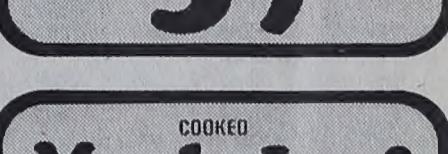

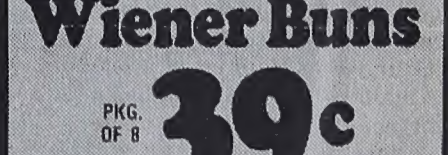

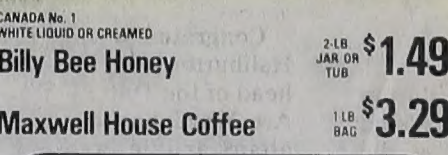

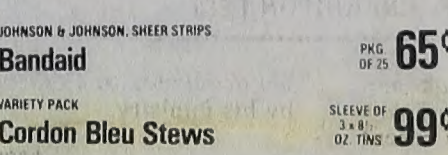

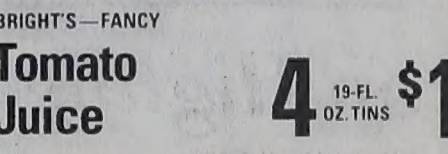

& Mrs. Craig Morrison's (nee Hussey) who were married on Saturday.

We are pleased to report that Mrs. Joe Dollo and Mrs. Lawrence Harrison have returned home after some time in hospital.

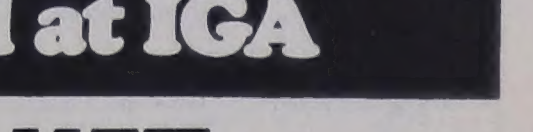

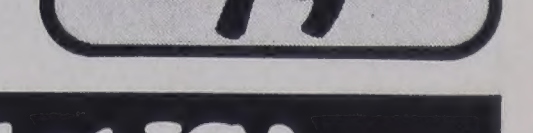

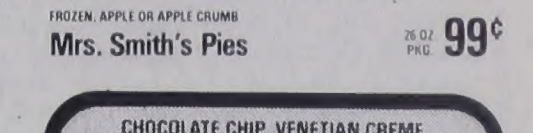

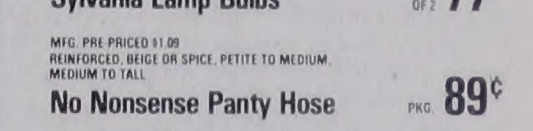

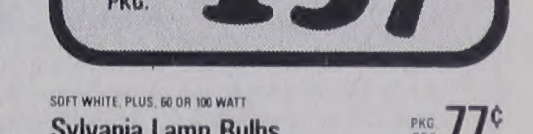

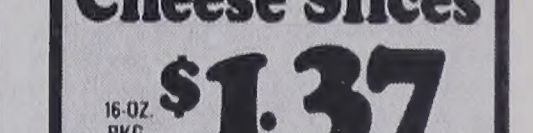

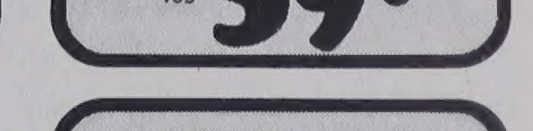

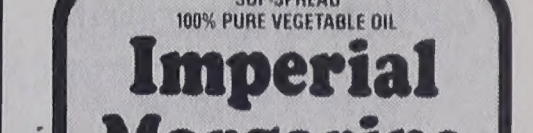

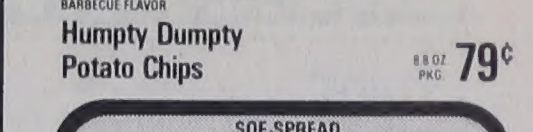

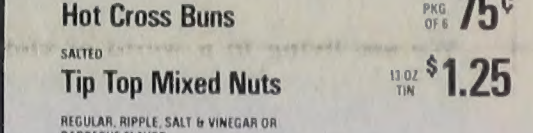

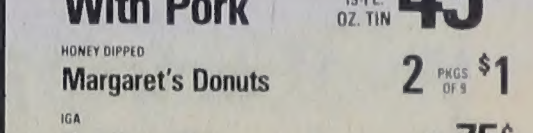

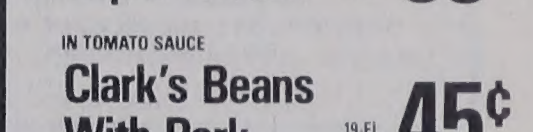

Jean and Gerald Welch were at a banquet given in honour of employees of thirty years or less, of Hoosier Wire Company, at Wayne, Indiana, February

19th. Four received gold rings on this occasion and Gerald is elder son of Mrs. Harry Welch of this village.

At the weekly Mini Card Party, at the Parish Hall, last Thursday afternoon, winners were for bridge, Norman Taylor, for cribbage Dora Dawson and Mary Maidens, for euchre lone hands Vera Fuller and Della Griffin and Alice Clark.

County sports

BY JIM BADGLEY

Warm weather in the past couple of weeks has probably turned a lot of our thoughts to summer sports. For Jim Badgley, my thoughts usually turn to golf.

This year, though, it will be a little different. Not that I am not going to play golf, because I will get out on the course as often as possible, but that major league baseball has come to Ontario and hopefully, I will spend a few sunny afternoons in Exhibition Stadium watching the expansion Blue Jays playing against such noted opposition as the New York Yankees and the Boston Red Sox.

We see that there is some question about the type of drinks that will be sold at the stadium, on baseball days, whether they are of the soft drink type or the foamy type.

I would be in favour of the foamy type, if the Ontario Government was going to give me some say in the matter, but Bill Davis, or for that matter, no one at Queen's Park, has called to see what my pleasure is.

It only seems right that a baseball team would have some of the foamy products on sale, but the Ontario Government will still have the final say.

It seems doubtful that the beer debate, if it becomes a debate, will stop the fans from heading for the exhibition grounds to see the Blue Jays finish last in their division.

On Saturday afternoons, when I can't talk my wife into letting me head for Toronto to see the "brids" in action, there will still be the opportunity to take in some golf.

Haliburton is becoming the home of some fine golf courses, all a challenge to the enthusiast.

Donations received last week for the Rotary Club Arena Fund totalled \$3,255 and included \$2,000 from Rick Elstone; Emile Neimann (Orange Lodge) \$500.; Broadworth Construction \$400.; Lake Kashagawigamog Tourist Association \$100.; Eagle Lake Ladies Auxiliary \$100.; Barbara Sisson \$50.; Bruce Davis \$25.; Robert Heyes, \$15.; G.E. Hampson \$10.; Murray Watt, \$10.; Charles Gardner, \$10.; Emily Smith, \$10.; Dora Iles \$10.; Agnes Borthwick \$5.; Alfred Parish \$5.; and Lena Clark \$5.

CKVR CHANNEL 3 LIMITED

CKVR-TV-3 CHANGE OF FACILITIES

CKVR-TV-3 channel 5 Haliburton ceased operation on November 1, 1976, as a result of the expiry of the lease for the property upon which the transmitter was located.

At a Public Hearing which was held on November 16, 1976 to consider the necessity of relocating CKVR-TV-3 and changing its channel from 5 to 6, the applicant informed the Commission that the area which was served by CKVR-TV-3 has been receiving adequate service directly from the main station, CKVR-TV channel 3, since January, 1974, when the antenna height at that station was significantly increased. Consequently, it was the opinion of the applicant that the Haliburton rebroadcasting station had been redundant since that time.

Subsequent to the Public Hearing, the Commission requested the Department of Communications and the CBC to confirm that the CBC affiliate service provided by CKVR-TV channel 3 is of acceptable technical quality in the Haliburton area. This confirmation has now been received, and the Commission is prepared to accept that there is no demonstrated need at this time to require the reinstatement of service from CKVR-TV-3.

At a subsequent Public Hearing concerning the renewal of licences for CKVR-TV and its rebroadcasting stations, the applicant did not apply for the renewal of the CKVR-TV-3 licence which expires on March 31, 1977.

Youngest players

Minden takes A division

The youngest players in organized hockey from Minden, Haliburton, Fenelon Falls, Bobcaygeon and Bracebridge took to the ice Saturday in Minden for a combined A and B Novice Tournament. Each team played two games, and win or lose all were sent home with awards.

Minden took top honors in the A division, and fought for the consolation B championship. Haliburton Novice A players tried for the consolation A trophy, but were edged out by Fenelon Falls.

The final game of the day played for the Austin's Esso Novice A championship Trophy saw Minden's Novice A team down Bracebridge by a

close and exciting 1-0 lead.

Minden's goal was scored at 4:15 of the second period by Gord Wood on an assist from Daryl Ward. Andrew Burk, in the net for Minden, kept Bracebridge out for the rest of the game, assisted by a good defensive squad.

In the A division consolation Fenelon overcame Haliburton 2-0 on two unassisted goals by Chuck Cragg. The A division consolation trophy was the Eric Coulter Memorial Award.

To take the Porter trophy for the consolation B division, Fenelon had to work a little harder against Minden.

In that game Fenelon was the first to get on the scoresheet, coming ahead early at the 1:05 minute mark of the first period, as

Robbie Kittle, who scored on an assist from Scott Livie with 7:24 remaining in the first period.

Fenelon Falls left the arena with both the Novice A and B consolation trophies.

In the A division consolation Fenelon overcame Haliburton 2-0 on two unassisted goals by Chuck Cragg. The A division consolation trophy was the Eric Coulter Memorial Award.

To take the Porter trophy for the consolation B division, Fenelon had to work a little harder against Minden.

In that game Fenelon was the first to get on the scoresheet, coming ahead early at the 1:05 minute mark of the first period, as

John Johnson took unassisted honors.

At 2:57 of the second, Minden's consistent efforts paid off with goal netted by Scott Nesbitt, unassisted.

From there, it was a battle all the way as Minden tried to come ahead, realizing that if the tie was not broken before the end of the game

and five minute overtime period, Fenelon would be named the winner for scoring the first goal.

In overtime play, however, it was Fenelon again that made good a shot on net, with Steve Black taking the point.

The Porter trophy for the 2-1 game went home with Fenelon.

Tournament results

Minden's Novice A and B tournament Saturday was a success for players and fans, win or lose, beginning some complicated scheduling at 8:00 a.m., Minden A and Haliburton A teams played to a 5-2 advantage for Minden.

At 9:00, Minden B and Bobcaygeon B met, leaving

Minden behind 1-0 as the game ended.

Fenelon Falls and Bracebridge A division teams played at 1:00 to a 1-1 tie after a full game and five minute overtime period. The match was decided in favor of Bracebridge, scorers for the first goal.

Fenelon Falls B and Bracebridge B met at 11:00 to give Bracebridge a 2-0 lead over Fenelon.

After a lunch break, the Eric Coulter A division consolation trophy was passed out to Fenelon Falls who downed Haliburton A players 2-0.

Next, the rink was occupied by the B division consolation contestants, and Fenelon was again successful, winning out 2-1 over Minden B's.

By 3:00, the Prentice Roads B championship game was scheduled to go on, with Bobcaygeon and Bracebridge playing to a 1-0 lead for Bobcaygeon.

The final game of the day was a fight for the Austin's Esso championship trophy between Minden and Bracebridge A division teams, with Minden coming away the grand winners.

Minden wins championship

Bobcaygeon B champions

Consolation B finalists, Minden

Local club's results

In the first game of the combined A and B division Novice tournament held Saturday in Minden, Minden and Haliburton A division teams met for a contest that was decided 5-2 in favour of Minden, in spite of Haliburton's third period efforts.

Minden took a strong and early lead, dominating the first two periods of play.

The first goal was netted by Kevin Cowan, unassisted, at 7:32 of the first. Daryl Ward, assisted by Scott Nesbitt, picked up Minden's second goal at 8:10, and Daryl Ward assisted Minden's Brian Alexander at 9:10 to clinch a 3-0 lead.

In the second period, Minden kept right on rolling, as Gord Wood scored at 3:47 with an assist going to Corey Davies.

Gord Wood scored again at 2:25 of the third frame on an unassisted shot leaving five goals for Haliburton to make up.

Haliburton started a comeback, but there wasn't enough time to make up so large a lead.

Haliburton began what could have been a comeback at 3:08 of the third, but were short of time and unable to

catch up the large lead. Jaro Cooper scored the first Haliburton goal assisted by Scott Poole and John Vanderhorst. At 5:01, Paul Kuno was successful on an unassisted play, but the scoring stopped there.

The 5-2 win for Minden sent Haliburton into the consolation round of the Novice tournament, where they came up against Fenelon Falls for the Eric Coulter Trophy, and were edged out 2-0.

Minden went on to play Bracebridge for the championship A Austin's Esso trophy, winning 1-0 over their close opposition.

Minden B division Novice players had their first game at 9:00 a.m. as they met Bobcaygeon and went down to a 1-0 defeat.

Bobcaygeon's Andy Anderson scored from Geoff Ingram and Randy Stuart with 23 seconds left in period two, and try as they would, the Minden players couldn't get to the net.

The 1-0 decision meant that Minden headed for the consolation round, where they were edged out 2-1 and gave up the Porter Award for the B consolation to Fenelon Falls.

MUNICIPALITY OF DYSART ET AL

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO CLOSE THAT PORTION OF THE ORIGINAL ALLOWANCE FOR ROAD BETWEEN LOTS 5 & 6, CON. II, IN THE TOWNSHIP OF DYSART.

NOTICE IS HEREBY GIVEN* pursuant to Chap. 284 Sec. 443 of the Municipal Act, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, April 11th, 1977, a By-Law to Close, Stop Up and Convey the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Dysart, in the Provisional County of Haliburton, being composed of the Northerly 400 feet of the original allowance for road between Lots 5 & 6, Concession II, in the said township, and which said parcel or tract of land is more particularly described as follows:

PREMISING that the bearings herein are astronomic and derived from the Westerly limit of Lot 6, Concession III, having a bearing of North 21 degrees, 55 minutes West and referred to the meridian through the South East corner of Lot 15, Concession VIII, Township of Dysart.

COMMENCING at the North Westerly angle of Lot 6, Concession II;

THENCE South 21 degrees 55 minutes East, 400.0 feet;

THENCE South 69 degrees 04 minutes 30 seconds West, 66.01 feet;

THENCE North 21 degrees 55 minutes West, 400.0 feet;

THENCE North 69 degrees 00 minutes 45 seconds East, 33.0 feet;

THENCE North 69 degrees 08 minutes 30 seconds East, 33.01 feet to the point of commencement;

WHICH said parcel or tract of land may be further illustrated, shown in heavy outline on a plan drawn by H.C. Bishop, O.L.S., dated February 14, 1977, and hereunto attached.

AND TAKE FURTHER NOTICE that before passing the said By-Law at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person, or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-Law and who applies to be heard.

DATED at Haliburton, this 14th day of March 1977.

Wayne B. Wood,
Clerk-Administrator
AMCT

Bill Smiley Who needs taxes?

There's something wrong with the economic set-up of our society. This conclusion was the one I came to after checking over my T4 form the other day. I turned white and then red when I saw what everybody is clipping out of my pay cheque.

The first, and worst deduction is for income tax. The feds got me for more in taxes than my hard-working father ever made in the two best years of his life put together.

Then I started wondering what I get from Ottawa for my thumping contribution. I wasn't exactly impressed when I totted it up. I don't get welfare or unemployment insurance, or the old age pension, or the baby bonus.

I get the Trans Canada highway, which I use every 12 years, if I can find a spot in the never-ending line of Americans hauling trailers or campers. I get the CBC, which is one of the country's great losers, financially and culturally. I get the Mounties. Who needs them? I get protection from our gallant armed forces, who could probably wrestle Iceland to a draw, although I wouldn't bet on it. I get the privilege of contributing to those handsome pensions of MPs and civil servants, with their cosy, built-in exaltation. I have the privilege of kicking in so that Otto Lang can fly around like Henry Kissinger.

I help pick up the tab for those Federal-Provincial meetings, at the last of which so many of the provincial premiers were hard into the sauce that it wound up in a verbal donnybrook.

I also receive the privilege of helping to pay for Skyshop bribes in Quebec, and nuclear bribes in Argentina and Switzerland and Israel and lord knows where else.

I have the additional pleasure of helping to pay for a wildly proliferating civil service that offers me such inessentials as Manpowers, ads telling me not to smoke or drink too much, and vast quantities of propaganda churned out by the hacks of Bytown on the Rideau.

I am permitted to help pay for the annual deficits of the Post Office, the CNR, the CBC, and practically any other "business" run by the feds. In addition, they'll let me kick in to help pay our native Canadians millions of dollars for a lot of moose pasture and tundra that wasn't worth a plug nickel until someone decided to run a pipeline through it.

As I said, somebody has got things backwards. The

government offers me all sorts of things I don't want or need, and fails to offer me any of the things I do need.

And that's only the beginning. Insurance companies are taking me to the cleaners: fire, life, term, health, automobile. And the only way I can get even is to set fire to the house, smash up the car, contract a disabling disease, or die. It doesn't seem fair.

I paid a chunk into the Canada Pension Plan. The only way can get it back is to get old. Unemployment Insurance cost me \$172 and I've never been out of a job in my life. The union cost me \$325, which is probably used for a fund for a strike, in which I will not participate.

In addition, they levied me \$1,750 toward a pension plan. By the time I get around to collecting from it, one of two things will have happened. Either I'll be dead (and I hear there are no pensions in heaven), or my annual pension will be worth three loaves of bread and a can of beans, with inflation.

And the whole thing expands downward. The provincial mafia nails me for hard-top roads into cottage country when I don't have a cottage; weed cutters, geologists, fishing inspectors, health care for every hypochondriac in the province; homes for the aged and homes for the insane and homes for foster children; and a hundred other things I do not need.

The county takes its cut. I help pay for Reeves to go and get drunk at the Good Roads Convention, for County Health Units, County Assessors, county educational empires.

And finally, the municipal mafia puts the gears to me, for arenas I don't skate in, swimming pools I don't swim in, healthy salaries for firemen and cops and every other bird who can get on the payroll.

But when I say "Don't cut down my trees, please," they tell me I am standing in the way of progress.

Nor does it end there, unfortunately. It comes right into your own home and sits down beside you at your own hearth. The old lady wants a gourmet cookbook, \$20; the daughter wants \$250 for fees for a university course; the son should have a little donation in Paraguay to keep him from starving; the grandboys need new shoes at \$12 buks a rattle. I don't need single one of these things, yet I am the one who has the tambourine constantly shaking under my nose.

Free enterprise be damned. There's nothing free about it, and the only enterprise involved in the considerably amount used by various parties to separate me from every nickel I earn.

On the other hand, maybe I'm lucky that I don't need a single item from the endless list of garbage for which I am being clipped. You have to get old or sick or stupid or poor to collect most of them.

© The Argyle Syndicate Ltd.

Monmouth News by Pearl Foster

The Wednesday night euchre enjoyed a good turnout last week as Phyllis Bowen won the high ladies prize. Herbert Dunford won the high mens prize. Low score was captured by Lettie Mitchell. Lone hands went to Pauline Hubbard. The travel prize went home with Phyllis Bowen.

The smiling face of Irwin Bowen, of Highland Grove, was missed last Wednesday due to his stay in Civic Hospital, in Peterborough. See you soon, Irwin.

Mr. & Mrs. Arnold Stamp accompanied their daughters, Caroline & Kathy, to Toronto, on the first leg of the girls trip to Florida. The girls have gone on a 10 day bus trip to the land of liquid sunshine.

Joan Billings spent this weekend at the home of her parents, Mr. & Mrs. Charlie Billings, Tory Hill.

Also back for a weekend visit were Ken and his sister Helen, son and daughter of Mr. & Mrs. Herb Bates, Tory Hill.

Dwight Boyd of Warkworth, was a weekend visitor at the home of his parents in Tory Hill, Mr. & Mrs. Clem Boyd.

Mr. & Mrs. Colin Miller, along with daughters Sandra and Susan, are spending the March break home with mom and dad, Mr. & Mrs. Charlie Billings.

Foster leads league

Pearl Foster rolled big again for the Thursday Ladies Bowling, registering a triple of 799 (198, 181 and 200).

More high triples for March 10 were bowled by Eva Piper, 661, Iris Taylor 629, Martha Harding 614, and Lillian Gorgevatt 609.

The ladies were pleased to see Eva Piper back after three months of illness and a stay in the hospital over Christmas and New Years.

A 661 first day shows that she is really back on the ball again.

The league's high triple to date was bowled by Jean

Carr, 782, and the high single by Iris Taylor, 353.

Averages over 200 have been scored by Pearl Foster, Lillian Gorgevatt, Eva Piper, Kay Barry, Jean Carr, Audrey Fountain, Martha Harding, Eve Stata and Verna Wagg.

Sooners, Floozies win with shutouts

Spring cleaning time is here again, with two white-wash jobs done on Wednesday - Sooners cleaned the Hall-e-Hawks and the Floozies washed out the Flyers. Jets took 4 to Fonzie's 3 points in Wednesday Afternoon Bowling action.

Linda Morrison's still rolling on with a 228 average and was top bowler this week with 680 (268, 233); Art Beatty 664 (230, 227); Ali Hogg 651 (267, 200); Harry Henderson 646 (284, 202); Ken Sawyer 606 (215, 206); Ev. Stata 604 (252).

Phyllis MacDuff had the high single of 280; Ev. Griffin 251; Loretta Henderson 249; Sandy Barr 220; Millie Beatty 217, 202; Peggy Henderson 209; Rose Brittain 203; Juanita Sisson 201; Linda Morrison and Ev Stata will be representing the league at the Thomas

Maple Lake Bowling League

Harry's Hornets stretched their lead in the Maple Lake League by blanking the Gassers, giving them 36 points while second place Avengers managed to squeeze only 2 out of Ron's Rollers leaving them 28 and the Rollers 21. Walter Ackersblade of Dan's Dynamo hit a new high but Fred Cox and Audrey Fountain of the Angels let them have only 2 points, so the Angels have 19 and Dan's 12.

High Triples: Walt Ackersblade 804(208, 267); Fred Cox 777 (308, 244); Audrey Fountain 765(346, 228); Ron Robinson 693(245, 227); Cliff Burke 678(308, 207); Ev Stata 659(261, 216); Dorothy Ann Robinson 649(230, 229); Ed Cox 645 (301); Wes Stata 644(296); Ron Robinson Jr. 639(262); Harry Henderson 616(217, 201).

Good Singles bowled by Rick Harding 259; Deb Harding 258; Flo Henderson 255; Barb Fountain 250; Marnie Robinson 230, 213; Dan Harding 228; Martha Harding and Marlene Cook 219; Loretta Henderson 213; Garth Henderson 208, 202.

Ron Robinson, Cliff Burke and Ev Stata are bowling in the Thomas Adams Presidents, Treasurers and Secretaries Tournament this Sunday at Fenelon Lanes.

Adams Presidents, Secretaries and Treasurers tournament at Fenelon Falls on March 27.

How to be Independent and make Dough

Pardon the pun but we turn dough into bread and make money. Our secret is simple. We specialize in Canada's favourite food. FRESH, NATURAL, BREAD.

Already we've established 52 solid franchises in 7 provinces and 2 states.

We are now inviting more applications to purchase a Grandma Lee's Bakery in your town. You'll be in business by May 24 and enjoying your own independence.

A minimum investment of \$20,000 will bring you all those things a franchisee needs — organization, training, merchandising and sales promotion.

You can get more details by phoning John Woodburn at 416-625-5055 or writing,

HARC News

On September 19, 1976, the Haliburton Area Radio Club held a draw for a large bottle, filled with pennies, nickles, dimes and quarters. The bottle was won by Mrs. Mirl MacDuff. Pictured is Mrs. Mary Briggs (left) presenting Mrs. MacDuff with the bottle and contents.

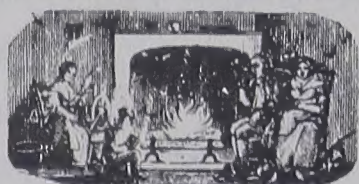

On Sunday, March 20, Mr. Fred Prins, of Thunder Bay, came to Haliburton to instruct a Restricted Radio Operators course (r.r.o.) for those who were interested in receiving the certificate. 13 people showed up at the high school, 11 of these were radio club members. The 13 who participated are as follows: Mr. & Mrs. Prior, Reg & Evelyn Brooks, Rob Gow, Jack Prupp, John & Mary Briggs, Les Pocket, Ron Grant, Ted & Jim Crocker and Larry Medley. R.R.O. is a certificate or license which enables a G.R.S. operator to use or operate Police, air or marine bands, in the event of a large scale emergency. The course was to be 6 hours of theory and 6 hours of practical. Due to the lack of time, the course consisted of 2 - 3 hour sessions, 3 hours theory and 3 hours on mobile to base exercises. All in all, the 13 present had a great learning experience and fun at the same time. Good luck to all 13 on their examination in the near future by a D.O.C. representative.

A FRIENDLY REMINDER TO ALL G.R.S. OPERATORS

As a rule of thumb, licensed stations shall be used only for communications concerning the business activities and personal affairs of the licensee. Consult the latest amendments of the extracts from regulations listing the purpose for which your G.R.S. station may be used. Profane and/or offensive language is strictly prohibited.

Huntsville, Ontario.
POA 1K0.

Ministry of Transportation and Communications

In Provincial Court

Rodney A. Kirkpatrick of Barrie, was remanded for a bail hearing March 15, in provincial court in Minden, and was to appear in Lindsay Monday. Kirkpatrick, apprehended in a cottage, March 9, is charged

with breaking, entering and intent to commit theft.

WEAPON

Gerald Scriver, of Haliburton, charged with carrying a concealed weapon and with possession of a weapon

dangerous to the public peace was remanded to be heard March 22 in Minden, after being directed to appear in Lindsay for a bail hearing, March 16, following an order set down March 15 at the provincial court in Minden.

IMPAIRED

Frederick J. Harvey of Highland Grove was given a 17 day intermittent sentence for impaired driving, to be served concurrently with a 15 day sentence for failure to appear in court. The charge for failing to appear was laid in October, 1976. The sentence was set out March 15, at the provincial court in Minden.

BAIL HEARING

Joseph Wade MacIntyre, of Oshawa, was remanded by the provincial court in Minden March 15 to Lindsay for a bail hearing March 16 on charges of impaired driving, obstructing justice and using another person's

licence.

The charges were laid north of Carnarvon on highway 35. Following the direction of the Lindsay court, MacIntyre was to be tried on the charges March 22 in Minden.

\$25 FINE

Robert Byers, of no fixed address, was ordered to pay a \$25 fine or spend two days in jail. On a count of causing a disturbance, according to the decision of the Minden provincial court March 15. A charge of consuming liquor other than at his residence was withdrawn at that session. Byers took the two day sentence instead of paying the fine.

THREE COUNTS

Richard Shaw of Haliburton faced three counts of breach of probation, laid by his probation officer, at the Minden court, March 15, and was remanded to May 10 in Minden for a further appearance of the matter.

DISCHARGE

Thomas Charles Hicks, of Toronto, was granted a conditional discharge by the Minden provincial court, March 15, on a count of possession of narcotics. Hicks is to be on probation for three years, with the conditions that he not use any drugs.

A charge of failing to appear in court was dropped, since he provided proof of a medical reason for being unable to attend.

A further count of driving while disqualified gained Hicks a \$200 fine plus court costs. The incident occurred on Highway 121 near the Haliburton Highlands Secondary School.

Fitness is something you can jump up and down about.

Political Illusions

by S. Armstrong Goff

It would seem that we are becoming a nation influenced as much by illusions as by facts. Any politician who can create an illusion without really committing himself has it made.

One of the most efficient political figures in this respect is our Prime Minister. For instance, he talks about "repatriating our constitution" or "bringing home the constitution". These phrases indicate that some other power has the say as to our constitution. This is sheer nonsense. He forgets that the representatives of the British colonies which became the Dominion designed it. We call them the Fathers of Confederation. The act creating the Dominion designed it. We call it the British North America Act, was of necessity debated in the British Parliament and duly passed as law. This then is our constitution. It was skillfully designed giving local government to the provinces and certain powers given to the Dominion, such as shipping, military affairs, post office, etc. There was a provision for amendment upon the consent of the provinces. Several amendments have been made. Britain has gradually relinquished the few powers she retained and now has no control over us in any respect. When an amendment is requested by the Federal Government upon the unanimous consent of the provinces it is simply a rubber stamp affair.

For Mr. Trudeau to request an amendment without unanimous consent of the provinces would be illegal. He should know this, being a lawyer and journalist and erstwhile Minister of Justice.

Another illusion is his intrusion into the educational field. Under our constitution education is within the exclusive jurisdiction of the provinces. There is, however, some need for

revision. Radio and television for example were not in existence one hundred and nine years ago. Whose jurisdiction to these come under?

And now he has the problem of the Quebec situation. Undoubtedly the province has the right to elect whatever government it chooses, whether they like it or not. Does Quebec still believe we are still governed by Britain? If so, who told them so?

The residents from Quebec with whom I have discussed their feelings and beliefs seem to believe that Quebec is dominated by Ottawa. The Federal Government is in turn run by Anglo-Saxons, and the Anglo-Saxons are in turn controlled by Britain. There seems to be little disposition by some politicians to tell them the truth. I don't suppose that one in ten thousand in Quebec has ever read the B.N.A. Act. Upon those that have, there rests an obligation to explain to the average man there that Quebec has all the powers of any other province and a few extra ones. Every newspaper in the land should study the Act and its amendments; otherwise how shall they know how to register their wishes when the time comes and it will come.

If Quebec decides to leave Canada, that is another matter upon which many words will no doubt be written in the next few months. In the meantime, let us get the facts and not be rushed into action on an illusion, or should we say, a delusion.

\$15,000 for park

A \$15,000 grant will be provided to the townships of Anson, Hindon and Minden

Provincial grant

A \$9,500 provincial grant will be provided to the Township of Glamorgan for the acquisition and development of an Approved Park, Natural Resources Minister Frank S. Miller announced today.

for the acquisition of additional land for Minden

The park comprises 1½ acres and is situated on the south shore of Gooderham (Pine) Lake.

Picnic, sanitary and parking facilities will be constructed, including expansion of present facilities.

Approved Park, Natural Resources Minister Frank S. Miller announced today.

The municipality of Minden plans to acquire some 9 acres of land for the expansion of Minden Approved Park. The land lies immediately to the west of the existing park, and comprises part of Lot 5, Concession A, Minden Township.

Minden Approved Park presently comprises some 87 acres in parts of Lots 4 and 5, to the north of Gull River, adjacent to the town of Minden.

Lifetime membership

Mrs. Harry Welch was presented with a Life Membership in the Minden Women's Institute at the monthly meeting of the group held March 16.

Mrs. A.S. Kernohan and president Mrs. Lyman Cox awarded the membership and badge to Mrs. Welch who has been an active member since 1920. Mrs. Welch thanked the Institute kindly for the honor and said

that she had very much enjoyed being part of the group.

The presentation was made after the opening business of the meeting had been completed. The president began the agenda with a verse, "A Friend Who Just Stands By". Members and guests responded to the roll call with information on current events. Mrs. W. Moore read Mrs. A. Taylor's report that 19 cards had been sent since the last meeting. Collections for this fund and for Pennies for Friendship were gathered.

The group agreed that they would be pleased to join with any other branch sponsoring a short course from the Department of Agriculture. The Minden Institute also requested "Clorie Countdown."

After Mrs. Welch was called to the front of the meeting and was honoured with the Life membership, Mrs. C. Lazier gave a resume of world affairs since last year, covering much that has been forgotten and paying tribute to Life Member Mrs. Jane Fairfield, now deceased.

Highlights from the Vic-

toria East District Executive Meeting, March 14 were read to the Minden group by Mrs. Cox, who attended the meeting along with Mrs. Verna Cowan. The District Annual will be held this year May 19 at the Norland United Church, with women invited as the guests of that branch.

Mrs. R. Hopkins and Mrs. Graham were present, and Mrs. Hopkins brought greetings and spoke on a topic she had chosen, "Time, who do you do with it?" She talked of using time to think, read, pray, love, be friendly, laugh, work and be charitable.

The meeting closed with God Save the Queen and the Women's Institute Grace. A delicious lunch was served. During the luncheon, a draw was made for boxes of groceries, with the winner chosen, Mrs. R. Ward holder of ticket number 261. Mrs. L. Stevenson won the Snowball draw.

The next meeting of the Institute will be April 20, 2:00 p.m. at the home of Mrs. Morgan Trumbull.

All the ladies of the village are invited to join this active and lively group.

Gems of Truth

SOUND DOCTRINE

If any man will do His will, he shall know of the doctrine, John 7:17 (a).

Sound doctrine is basic to a proper understanding of the Holy Scriptures. In the simplest terms doctrine is "teaching", and the word is thus used in many New Testament passages. It is very noteworthy that the early teaching ministry of Jesus is called to questions, because the multitude was well aware that His doctrine was of a different calibre than what they were acquainted with and taught.

Having set down the righteous principles of the "kingdom" in what is now known by the ear-mark of "the Sermon on the Mount" it is stated that the multitude was "astonished" at the "teaching" or "doctrine" of the Lord Jesus. Math. 7:28. Where did this One get such authority and full command of what He taught? Mark 1:22, 11:18, Luke 4:32. The answer lies in who He was!

It is indeed our duty and privilege to go back to the "doctrine" of Jesus for the Divine message which He spoke. Is it not also very needful that we go back further and ponder the Divine message spoken in the Law, the Prophets, and the Psalms? Luke 24:25-27, 44,45, Romans 15:4. Not only does correct doctrine take us back into the eternal principles of the Old Testament, but it is very essential that we listen to the voice of the Master Teacher and press on into the Epistles where Paul, Peter, James and John relate to the same "doctrine" which produces "godly living" in the true children of God. It is through these men that the Spirit of God unfolded doctrine for all men and all ages beyond the earthly days of Jesus. All that is written came from the Lord Jehovah and is inspired, authoritative, instructive and profitable for all of us. Rom. 15:4, 11 Tim. 3:16-17.

From the lips of Jesus came a message of things left untold by Him but committed to the Holy Spirit as He unfolds the Divine plan for the days ahead. In John 16:12-15 we read,

"I have yet many things to say to you, but ye cannot bear them now. Howbeit when He, the Spirit of Truth, is come, He will guide you into all (the) Truth,

For He shall not speak of Himself; But whatsoever He shall hear, That shall He speak; And He will show you things to come. He shall glorify "Me"; For "He" shall receive of "Mine"; And shall show it unto you. All things that the "Father" hath are "Mine"; Therefore said I, that "He" shall take of "Mine"; And shall show it unto you.

It is thus that the Apostle Paul received and declared "truth", "doctrinal truth", "grace truth", "dispensational truth", which seems very distasteful to many present day teachers and hearers alike. Well instructed believers however, are well aware that every portion of the New Testament teaching rests upon the foundation of Divine doctrine. It is doctrine that precedes the practical out-

living of Christian faith. That living on the part of a believer, must possess a Divine principle for its authority, guidance, correction and fruitful testimony.

True doctrinal teaching hinges on the "Personality of the Lord Jesus". Is He God or simply a great teacher? John 5:18-20. Is the Crucifixion of any value to a sinner if the "doctrine of His Divinity" is not accepted? Certainly one need not know

all the theological facts that faith in Jesus as Saviour brings to the believing heart, but the doctrine of His Divinity becomes essential to true exposition of His Person and work in His behalf. It is thus that truth and error become evident. The true yardstick or criterion of truth is hinged in the Divinity of Jesus. All truth centres around that focal point. John 8:24, 1 John 4:1-4.

Council looks at subdivision plan

Stanhope council, at the last regular meeting, got a look at the drawings of a subdivision that is planned near the Norley Road, north of Highway 530, south of Stanhope airport and the Gull River, on the eastern shore of Maple Lake.

Council has agreed to apply for a spot zoning bylaw to cover the area to be developed as seasonal and permanent residential properties.

Consultant engineer Steve Packard attended council with developer Larry Vanlieshout to note changes in the plans requested by the Ministry of Housing.

Mr. Packard said that as far as he had experienced, the Ministry was willing to

co-operate with the subdivision if their suggestions were acted upon.

Stanhope Reeve, Sinclair Nesbitt, pointed out at council that the Ministry specifies that there has to be a bylaw approved by council before the subdivision can be registered.

Since Stanhope does not have a comprehensive bylaw, a spot zoning is required. Mr. Nesbitt indicated that the Ministry was at first unwilling to consider any such development, but that a loop-hole in the Planning Act was pointed out to the Minister and it was agreed that they would take another look at the Stanhope subdivision.
